

GUIDE FOR GRADUATE STUDENTS WITH FAMILY RESPONSIBILITIES

“In striving to become an equitable community, we will work to eliminate, reduce, or mitigate the adverse effects of any barriers to full participation in University life... an equitable and inclusive learning and work environment creates the conditions for our diverse faculty, staff and student body to maximize their creativity and their contributions.”

Statement of Equity, Diversity, and Excellence, 2006

Many graduate students successfully complete their program of study while integrating a variety of family responsibilities.

This publication highlights the resources and policies available to help graduate students integrate their academic and family responsibilities.
